

WHOLESALE BAG FACTORY

PRODUCT CATALOG

New Collection

OUR STORY

We are a manufacturer from Istanbul, Turkey. We work with 100% natural cotton and polyester and manufacture over 5 million bags annually. We ship our bags worldwide but most of our business is in the EU, UK, and the Middle East.

Besides our regular designs, we also have the capability to do custom orders. If you have a custom order we can also help you bring your design to life!

When manufacturing custom orders, we suggest that you order some samples before ordering bulk. Once you receive the samples, you will review the quality and if you like what you see then you can move forward with the actual bulk order...

OUR MISSION

Our mission is to manufacture cotton/polyester bags without causing any harm to the environment while providing the best possible customer service to our clients and accelerating the world's transition to reusable bags.

WHOLESALE

step one

The first thing we do is to understand the design details of the order and what the product will be used for. Then will present you with a quote.

step two

If you accept the quote and interested in placing an order, then we suggest that we manufacture a sample for you.

step three

After you receive the sample, if you like what you see, then we move on to mass production process and complete the order.
